## NORTH HENNEPIN PIONEER

Burschville School—District #107

TRAVEL BACK IN TIME TO  
THOSE LONG AGO DAYS OF  
THE ONE ROOM SCHOOL.

THAT'S WHERE THE MEMORIES

# BURSVILLE SCHOOL DISTRICT #107

In 1894 on County Road 10, a quarter mile east of County Road 19, in the little town of Burschville, a school was built. The land was donated by the Weinand family for the purpose of building a school. Remnants of the town of Burschville are gone, though the school remains to remind us of those long-ago days.

District 107 served the farming community until May 1967, when the school closed and the furnishings were sold at an auction. The North Hennepin Pioneer Society was formed and they purchased the one-acre piece of land from the Weinand family, keeping it as a historical site.

Many volunteers in the community devoted years to repairing, painting, searching, buying and accepting donations, to again resemble the one room school house you may remember.

This photo, taken in 1969, shows the work needed to be done by the North Hennepin Pioneer Society. They stepped up to save the one-room school and preserve its history.
